DISCLAIMER

The information contained in this **RFP** document or subsequently provided to Bidder(s), written or, verbal, by or on behalf of Bengaluru Electricity Supply Company Limited (BESCOM) or any of its employees or advisors, is provided to Bidder(s) on the terms and conditions set out in this RFP document & its subsequent amendment(s) and such other terms & conditions, subject to which such information is provided.

This RFP document is non-transferable and is neither an agreement nor an offer by BESCOM to the prospective Bidders or any other person. The purpose of this document is to provide interested bidders/ parties with information that may be required to them in preparation of their bid pursuant to this RFP (the "**Bid**"). This RFP includes statements, which reflect various assumptions and assessments arrived at by BESCOM in relation to the Project. Such assumptions, assessments and statements do not purport to contain all the information that each Bidder may require. This RFP may not be appropriate for all persons, and it is not possible for BESCOM, its employees or advisors to consider the investment objectives, financial situation and particular needs of each party who reads or uses this RFP. The assumptions, assessments, statements and information contained in this RFP may not be complete, accurate, adequate or correct. **Each Bidder should, therefore, conduct their own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments, statements and information contained in this RFP and obtain independent advice from appropriate sources.**

Although adequate care has been taken while preparing the RFP document, however, the bidders shall satisfy themselves that document is complete in all respects. If noticed, bidders shall intimate any discrepancy in the RFP document to the office of the undersigned within Three (3) days from the date of issuance of the RFP document. If no intimation is received from the Bidders within the stipulated period, it shall be assumed that the RFP document is accepted by the bidders and fulfills the expectations of the Bidders.

BESCOM has made best efforts to provide as accurate and reliable information as possible. However, before submitting their bids, the Bidders are expected to independently assess, verify and validate the information/data provided in the RFP document.

BESCOM reserves the right to annul the bid process and/or reject any or all of the Bids submitted in response to this RFP document at any stage without assigning any reasons whatsoever. In such cases, BESCOM will refund the Bid Security, if any, and cannot be subjected to any liability whatsoever due to such rejection/cancelation.

BESCOM, its officers, employees and consultants have no responsibility for authenticity of the information/data, hence shall not be held liable for any possible omission, misrepresentation, mistake or error in the information/data provided in the RFP document and consequences thereof.

BESCOM also accepts no liability of any nature whether resulting from negligence or otherwise, howsoever caused arising from reliance of any bidder upon the statements contained in this RFP.

BESCOM may modify, amend or supplement any aspect of this RFP document, including selection process and evaluation criteria, if deemed necessary by it or the same is required under Law. The issue of this RFP does not imply that BESCOM is bound to select a Bidder for the Project. Further, BESCOM or its authorized officers reserve the right, without prior notice, to change the selection procedure and the delivery of information at any time before submission of bids without assigning any reasons thereof. However, such change shall be posted on Bidding Portal. The decision of BESCOM will be final in such matter.

The bidder, regardless of the conduct or outcome of the Bidding Process, shall bear all its costs associated with or relating to the preparation and submission of its bid including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by BESCOM, or any other costs incurred in connection with or relating to its bid.

SECTION-1

INVITATION TO BIDDERS

1 INVITATION TO BIDDERS

1.1 Preamble:

Bengaluru Electricity Supply Company Limited, a company formed and incorporated in India under the Companies act, 1956, with its registered office located at K.R.Circle, Bengaluru-560001 and is responsible for Power distribution in eight districts of Karnataka.

1.2 About the Mukhya Manthri Soura Krishi Yojane (CM-SKY):

1.2.1 The scheme seeks to ensure energy security for farmers within BESCOM's jurisdiction, while supporting India's commitment to achieve 500 GW of non-fossil-fuel energy capacity and meet 50% of its energy demand from renewable sources by 2030, in line with the Intended Nationally Determined Contributions (INDCs). As part of this initiative, BESCOM plans to solarize the feeder(s) linked to designated substations.

1.2.2 Government of Karnataka in its Budget 2026-27, has announced Mukhya Manthri Soura Krishi Yojane (CM-SKY) wherein GoK intends to provide energy security to the farmers by setting up 3000MW distributed solar power plants through RESCO mode.

1.2.3 A feeder-level solar power plant may be set up to meet the power requirements of either a single feeder or multiple feeders originating from a substation (hereinafter referred to as "SS" in this RFP). The plant shall feed power at the 11 kV side of the SS, subject to considerations such as land availability, technical feasibility, and other relevant factors.

1.2.3 As per the directions of the Government of Karnataka (GoK), BESCOMs shall implement Feeder Level Solarization in their respective jurisdictions through the RESCO model under CM-SKY scheme.

1.3 Sanctioned Capacity:

As per the directions of the Government of Karnataka (GoK), BESCOM intends to implement a 500 MW solar power project within its jurisdiction. Through this RFP, BESCOM invites proposals for the solarization of 11kV feeders at the Sub-Station (SS) level. The scope includes the associated 11 kV line to connect the plant to the respective SS, along with the installation of a Remote Monitoring System (RMS) for the solar power plants, to be executed under the RESCO model for a period of 25 years.

1.4 Objective:

BESCOM intends to select competent and eligible bidder, hereinafter to be referred as **"Solar Power Generator ("SPG")"** for the work of Design, Survey, Supply, Installation, Testing, Commissioning, Operation & Maintenance of grid connected distributed solar power plants for solarization of Sub-Station (SS) of capacity 500MW in BESCOM jurisdiction, its associated 11kV line to connect the plant with concerned SS and Remote Monitoring System (RMS) of solar power plants through RESCO mode, under Non-CFA category for 25 years under CM-SKY (Mukhya Mantri Soura Krishi Yojane) Scheme.

The solar power plant capacity of selected SS(s) hereinafter to be referred as **"Project(s)"**. List of Projects is detailed in **Annexure-XX**.

1.5 Location of Solar Power Plant Installation:

1.5.1 The RESCO Developer (Successful bidders hereinafter referred as "SPGs") shall identify the private land nearer to the Sub-station and demonstrating 100% land availability of minimum of 3 Acres per MW for the proposed project capacity within 60 (Sixty) days from the date of issue of LoA, for setting up the Project on the locations within the geographical boundary of BESCOM and make arrangements for associated infrastructure for development of the Project. The solar plant shall be installed by the SPG for the capacity allotted and power shall be injected at 11 kV bus of the SS through single/multiple evacuation line(s).

1.6 Scope of Bidding:

1.6.1 The Bidder shall bid for the total solar capacity of the Project. Each bidder can bid for any number of Projects subject to Techno-Commercial criteria. **The bidder is not allowed to bid for partial capacity of the Project.** The Bidder may be allowed to change the SS once, due to non-availability of land, subjected to the technical feasibility by KPTCL in the newly identified SS, within 90 (Ninety) days from the date of issuance of LoA.

1.6.2 The basis of evaluation of the Price bids shall be the levelized quoted tariff for 25 years in Rs.X.XX per kWh (unit) in the price schedule. To further clarify, all the costs including applicable taxes (incl. GST), duties, etc. pertaining to "Design, Survey, Supply, Installation, Testing, Commissioning, Operation & Maintenance of grid connected distributed solar power plants for solarization of Sub-Station (SS) of capacity 500MW (approximately) in BESCOM jurisdiction, its associated 11kV line to connect the plant with concerned SS and Remote Monitoring System (RMS) of solar power plants through RESCO mode, for 25 years under Mukhya Manthri Soura Krishi Yojane (CM-SKY) scheme", shall be inclusive in the Price Bid quoted by the Bidders for the purpose of comparison and evaluation. Bidders are required to quote the tariff upto Two (2) decimal and no price variation on any account shall be considered.

1.6.3 This RFP document is common for all the Project(s). However, it may be noted that, for all intents and purposes, the Project(s) are independent of each other and the Bidder shall, as part of its Financial Bid, shall quote tariff separately for each Project for which the bidder submitting the Bids in accordance with this RFP document.

1.6.4 It is important to note that, the Bidder including its Parent, Ultimate Parent, Affiliate, Group Business Entity ('ies) or any other Group Entity ('ies) either bidding as Single Bidder or as a Consortium can submit only One (1) Bid per Project.

1.6.5 An Individual Bidder cannot at the same time be member of a Consortium applying for qualification. Further, a member of a particular Consortium cannot be a member of any other Bidder Consortium or an Individual Bidder applying for qualification.

1.6.6 The Bidder shall furnish details including its Parent, Ultimate Parent, Affiliate, Group Business Entity ('ies) or any other Group Entity ('ies) either bidding as Single Bidder or as a Consortium participating in the Bidding Process as per the format provided in **'Details of the Bidder'** in **Annexure-III.**

1.7 Role of the SPG/Successful Bidder:

1.7.1 The SPG shall be responsible for "Design, Survey, Supply, Installation, Testing, Commissioning, Operation & Maintenance of grid connected distributed solar power plants for solarization of Sub-Station (SS) of capacity 500MW in BESCOM jurisdiction, its associated 11kV line to connect the plant with concerned SS and Remote Monitoring System (RMS) of solar power plants through RESCO mode, under Non-CFA category for 25 years under CM-SKY (Mukhya Mantri Soura Krishi Yojane) Scheme. ", in accordance with the provisions of the PPA to be entered into between the SPG and BESCOM. As per KERC (FEE) Regulations, 2024 necessary charges shall be paid to KERC for adoption of the tariff. The tariff (quoted/negotiated) of the successful bidder will be submitted to KERC by BESCOM for adoption of the tariff and the SPG shall pay such charges to BESCOM/KERC.

1.7.2 The RESCO Developer (Successful bidders hereinafter referred as "SPGs") shall identify the private land nearer to the Sub-station and demonstrating 100% land availability of Minimum of 3 Acres per MW for **the proposed project capacity within 60 (Sixty) days from the date of issue of LoA,** for setting up the Project on the locations within the geographical boundary of BESCOM and make arrangements for associated infrastructure for development of the Project. The solar plant shall be installed by the SPG for the capacity allotted and power shall be injected at 11 kV bus of the SS through single/multiple evacuation line(s). The responsibility of the successful Bidders shall include but not limited to identification of such land, conducting a due diligence upto the Bidder's satisfaction, negotiation of the land/ lease price with the private land owners as per the direction of Deputy Commissioner of the concerned district.

1.8 Capacity of the Project:

1.8.1 The capacity for a Project is limited to the annual consumption of the selected Agri feeders of respective SS & the solar energy to be injected to SS is detailed in **Annexure-XX.**

1.8.2 The Bidder is eligible to quote the price for number of Projects based on the Financial Criteria as stipulated under Clause 5.2.2 of this RFP.

Illustration: For avoidance of doubt, in case a Bidder is eligible to quote for 20 MW (AC) capacity in aggregate based on its Technical and Financial Criteria, then the Bidder can quote the respective Tariff for one or more Projects with the total capacity of the Projects quoted shall not exceed 20 MW (AC). In case the Bidder quotes cumulatively for more than 20 MW (AC) across Project (s), all the Bids submitted by the Bidder will be summarily rejected.

Examples are as detailed in below table:

Sl.No.	Name	Project Capacity (in MW)	Eligibility
1	Project-1	20 MW (AC)	Eligible to bid for the total capacity of Project with 20 MW(AC)
2	Project-2	15 MW (AC)	Eligible to bid for the total capacity of Project and Bidder can still quote for the balance 5MW under any another Project(s) with 5 MW(AC) capacity
3	Project-3	10 MW (AC)	Eligible to bid for the total Project capacity and Bidder can still quote for the balance 10 MW

Sl.No.	Name	Project Capacity (in MW)	Eligibility
			under any another Project(s) with 10 MW(AC) capacity
4	Project-4	5 MW (AC)	Eligible to bid for the total Project capacity and Bidder can still quote for the balance 15 MW under any another Project(s) with 15 MW(AC) capacity

1.8.3 On opening of the Price Bid, BESCOM reserves the right for allocation of the final Project capacity for all the Successful Bidders corresponding to their quoted/negotiated Tariff.

1.9 Selection of Bidders:

1.9.1 The techno-commercial bids of the bidders will be evaluated as per Section 5 of this RFP.

1.9.2 Price bids of only techno-commercially (Technical criteria & Financial capacity) qualified bidders will be opened.

1.9.3 It is pertinent that the bidders' shall specify the list of Projects while submitting the technical bids, without disclosing the price quoted, as per the format provided in **Annexure-XVII**. The bids received with price list during techno-commercial evaluation will be considered as non-responsive.

1.9.4 The levelized ceiling tariff fixed by KERC is **Rs. 3.19 per kWh** and the price quoted by the bidders shall not exceed the ceiling tariff. Ranking list of Techno-Commercially qualified bidders will be prepared for each Project in ascending order (L1, L2, L3, …. Ln) by listing each of the Tariff quoted in the Price schedule.

1.9.5 The selection of successful bidder will be based on least cost quoted/negotiated cost with L1 bidder(s), for all the Project(s) irrespective of number of bids received for each Project.

1.9.6 LOA will be issued to the successful Bidders and such bidders shall execute the Power Purchase Agreement (hereinafter referred as the **"PPA")** as per the conditions stipulated in Clause 9.1 and 9.3.

1.10 Connectivity with the Grid:

1.10.1 The SPG shall carry out any evacuation assessment study with respect to the connectivity of the Project to the respective SS. SPG shall inject power at 11kV of the SS and the metering shall be done at the delivery point(s) of respective SS. The SPG shall consider maximum 6.5MW (AC) solar capacity per 11kV bay, nearer to the delivery point.

1.10.2 The SPG shall Commission the Project(s) as stipulated under Clause 4.8, 4.9 & 4.11 of this RFP document.

1.10.3 The SPG shall carry out maintenance of the 11kV line(s) laid between SS and solar power plant during the PPA Period. However, applicable supervision charges if any shall be payable by the SPG to the concerned authority.

SECTION-2

KEY DEFINITIONS

2 KEY DEFINITIONS

(1) **"Act" or "Electricity Act, 2003"** shall mean the Electricity Act, 2003 and include any modifications, amendments and substitution from time to time ;

(2) **"Affiliate"** shall mean a Bidder or a Bidding Entity that, directly or indirectly, controls, or is controlled by, or is under the common control with such Company. The expression "control" shall mean the ownership, directly or indirectly, of more than 50% of the voting shares of such Company or right to appoint majority Directors;

(3) **"Appropriate Commission"** shall mean as defined in the PPA or KERC;

(4) **"Authorized Officer"** shall mean Officer Designated by BESCOM for specific task;

(5) **"BESCOM"** shall mean Bengaluru Electricity Supply Company Limited;

(6) **"Bid"** shall mean the "Proposal"/"Quotation" submitted by the bidders for the work envisaged under this RFP;

(7) **"Bidder" or "Bidding Entity"** shall mean Bidding Company or a Consortium or a Limited Liability Partnership (LLP) or a Proprietary Concern or an Individual as Proprietor or a registered Partnership Firm or, a Government entity, submitting the Bid. Any reference to the Bidder includes an entity including its successors, executors and permitted assigns severally, as the context may require;

(8) **"Bidding Portal"** shall mean https://kppp.karnataka.gov.in;

(9) **"Capacity Utilisation Factor (CUF)"** shall have the same meaning as provided in CERC (Terms and Conditions for Tariff determination from Renewable Energy Sources) Regulations, 2009 as amended from time to time. However for avoidance of any doubt, it is clarified that the CUF in a Year shall be calculated as the ratio of the output of the Solar Power Plant in a Year versus installed Project capacity x 365 x 24 (i.e. CUF = Cumulative Project output in kWh / (installed Project capacity in kWp x 24 x 365));

(10) **"CEIG"** shall mean Chief Electrical Inspector of Government of Karnataka;

(11) **"Chartered Accountant"** for bidders or its Parent, Affiliate or Ultimate Parent or any Group Company incorporated in India, shall mean a person practicing in India or a firm whereof all the partners practicing in India as a Chartered Accountant(s) within the meaning of the Chartered Accountants Act, 1949;

(12) **"Company"** shall mean a body incorporated in India under the Companies Act, 1956 or the Companies Act, 2013, as applicable;

(13) **"Commissioning"** with respect to the Project as certified by BESCOM &/KPTCL shall mean when all equipment's as per rated capacity have been installed and energy has flown into the grid, in line with the Commissioning procedures defined in the RFP/PPA;

(14) **"Commissioning Authority"** shall mean a team of BESCOM and/or KPTCL officials, responsible for inspection, testing & synchronize the solar power plant with the grid and issue Commissioning Certificate;

(15) **"Commercial Operation Date (COD)"** with respect to the Project shall mean the date on which the Project is commissioned (certified by Commissioning Authority) and available for commercial operation;

(16) **"Conflict of Interest"** shall mean a Bidder may be considered to be in a conflict of interest

with one or more Bidders in the same bidding process, if they have a relationship with each other;

(17) **"Contracted Capacity"** shall mean the capacity in MW (AC) contracted with BESCOM for supply of power by the SPG at the Delivery Point(s) from the Solar Power Project;

(18) **"Contract Year"** shall mean, with respect to the initial Contract Year, the period beginning on the Commercial Operation Date and ending at 12.00 midnight on 31st March of that Fiscal Year. Each successive Contract Year shall coincide with the succeeding Fiscal Year, i.e., a period of twelve months commencing on 1st April and ending on following 31st March, except that the final Contract Year shall end on the date of expiry of the Term or on Termination of the Agreement/PPA, whichever is earlier;

(19) **"Control"** shall mean holding not less than 51% of voting rights or of paid up share capital;

(20) "**Controlling shareholding**" shall mean not less than 51% of the voting rights or paid-up share capital in the Company/Consortium;

(21) **"Day"** shall mean calendar day;

(22) **"Delivered Energy"** means the kilowatt hours of energy actually fed and measured by the energy meters at the Delivery Point(s) and as certified by BESCOM/KPTCL;

(23) **"Delivery Point"** shall mean the point(s) of connection(s) at which energy is delivered into the Grid System i.e. the Interconnection Point;

(24) **"DISCOMs"** shall mean a distribution companies responsible for distribution of power;

(25) **"Effective Date"** shall mean the date of signing of PPA;

(26) **"Electrical Inspectorate"** shall mean Electrical Inspectorate Department, Govt. of Karnataka;

(27) **"Equity"** shall mean Net Worth as defined in Companies Act, 2013;

(28) **"e-procurement"** shall mean Bidding portal/electronic procurement system of https://kppp.karnataka.gov.in;

(29) **"ESCOMs"** shall mean distribution companies responsible for distribution of power in Karnataka;

(30) **"Financial Closure" or "Project Financing Arrangements"** shall mean the agreements pursuant to which the SPG has sought financing for the Power Project including the loan agreements, security documents, notes, indentures, security agreements, letter of credit and other documents, as may be amended, modified, or replaced from time to time, but without in anyway increasing the liabilities of BESCOM;

(31) **"Financing Documents"** mean the agreements and documents (including asset leasing arrangements) entered/to be entered into between the SPG and the Financing Parties relating to the financing of the Project;

(32) **"Financing Parties"** means Parties financing the Project, pursuant to Financing Documents;

(33) **"Group Business Entity"** shall mean a Business Entity, which directly or indirectly holds not less than 26% of voting securities of the Lead Bidder; or A Business Entity in which the lead Bidder directly or indirectly holds not less than 26% of voting securities;

(34) **"Interconnection Point"** shall mean the point(s) of connection(s) at which the project is connected to the grid i.e. at 11 kV bus level of SS;

(35) **"LOA"** shall mean the Letter of Award;

(36) **"LLP"** shall mean Limited Liability Partnership;

(37) **"MDCC"** shall mean the Material Dispatch Clearance Certificate, is an authorization certificate issued by the ultimate owner of the equipment giving an authorization to the manufacturer to dispatch the item from his works to the construction site;

(38) **"Metering Point"** shall mean Metering at 11 kV level of SS (delivery point);

(39) **"Month"** shall mean calendar month;

(40) **"Net-Worth"** as per section 2 (57) of the Companies Act 2013 shall mean the aggregate value of the paid-up share capital and all reserves created out of the profits and securities premium account, after deducting the aggregate value of the accumulated losses, deferred expenditure and miscellaneous expenditure not written off, as per the audited balance sheet, but does not include reserves created out of revaluation of assets, write-back of depreciation and amalgamation.

(41) **"Paid-up share capital"** means the paid-up share capital as defined in Section 2 of the Companies Act, 2013;

(42) **"Performance Security"** shall mean, the irrevocable unconditional Performance Bank Guarantee (PBG) to be submitted by the successful bidder as per the RFP;

(43) **"PPA"** shall mean the Power Purchase Agreement signed between the SPG and BESCOM, according to the terms and conditions of the standard PPA enclosed with this RFP as Volume-II, to purchase energy as per the competitive bidding price or negotiated price;

(44) **"Procurer"** shall mean Bengaluru Electricity Supply Company Limited;

(45) **"Power Project" or "Solar Project" or "Project"** shall mean the solar power generation facility having single/multiple point of injection(s) at single SS into the grid at Interconnection/Delivery/Metering Point(s) and having a control system and metering. The Project shall include all units and auxiliaries such as water supply, treatment or water storage facilities, dedicated 11kV line(s) up to the Delivery Point(s) and all the other assets, buildings/ structures, equipment, plant and machinery, facilities and related assets required for the efficient and economic operation of the power generation facility, whether completed or at any stage of development and construction or intended to be developed and constructed for the purpose of supply of power to BESCOM;

(46) **"Project Site"** means any and all parcels of real property, rights-of-way, easements and access roads, upon which the Project and its related infrastructure will be located;

(47) **"Project Capacity"** means the AC capacity of the project at the generating terminal(s) and to be contracted with BESCOM for supply from the Solar Power Project;

(48) **"Project Developer" or "Developer" or "Solar Power Generator (SPG)"** shall mean the successful Bidder whose Bid to perform the Contract as per this RFP has been accepted by BESCOM, LOA is issued by BESCOM and is named as such in the Contract Agreement/PPA, and includes the legal successors or permitted assigns of the Successful Bidder;

(49) **"RESCO"** shall mean Renewable Energy Service Company i.e. an energy service company that develops, installs, finances, operates and owns the solar power project and supplies power generated from the Project;

(50) **"RFP"** shall refer to this Request for Proposal;

(51) **"Scheduled Commercial Operation Date (SCOD)"** shall mean 10 months from date of issue of LOA and any modification is subjected to discretionary of BESCOM ;

(52) **"Selected Bidder"** shall mean the Bidder selected pursuant to this RFP to set up the Project and supply of power as per the terms of PPA;

(53) **"SLDC"** shall mean the State Load Dispatch Center of Karnataka;

(54) **"Solar PV Project"** means the Solar Photo Voltaic Power project that uses sunlight, for direct conversion into electricity through Photo Voltaic technology;

(55) **"Successful Bidder"** means the L1 Bidder whose quoted/negotiated tariff adopted by KERC;

(56) **"Un-successful Bidder"** means the bidder not qualified in the bidding process;

(57) **"Voltage of Delivery"** means the voltage (11kV) at which the Electricity generated by the Project is required to be delivered at SS;

(58) **"Week"** shall mean calendar week;

SECTION-3

INSTRUCTIONS TO BIDDERS

3 INSTRUCTIONS TO BIDDERS

3.1 Instructions:

3.1.1 The Scope of Work will broadly include development, operation and maintenance of the Project(s) including supply of power at the Tariff as per the PPA during the tenure as mentioned in the PPA and as stipulated in Section-4 of this RFP.

3.1.2 The Bidding Documents include this RFP, PPA and any other subsequent Corrigendum/ Addendum/Amendment/Clarification issued if any.

3.1.3 The PPA sets forth the detailed terms and conditions for grant of the right to the SPG to supply solar power to the BESCOM (the **"Right"**), including the scope of the SPG's services and obligations and is enclosed as Volume II of this RFP (the PPA to be executed by the SPG as per LOA).

3.1.4 –Void–.

3.1.5 The Bids shall be submitted in **Single Stage: TWO parts** as follows:
Part-I: Techno-Commercial Bid (Technical & Financial Criteria), shall contain full technical particulars and commercial terms & conditions as stipulated in Clause 5.2 of this RFP. **The bidder shall upload the documents through Bidding portal as per Clause 7.3.6**.
Part-II: Price/Financial Bid, shall be quoted per kWh with Two (2) decimals only and submitted only through Bidding portal. This shall be uploaded at the slot provided for Financial Bid only. If the price is disclosed in techno-commercial bids, the bid will be rejected. After opening of the price bid of techno-commercially qualified bidders, the bidders will be selected as stipulated in Clause 8.8, 8.9 & 8.10 of this RFP.
Any alteration in the quoted price, will not be allowed on any ground, such as mistake, misunderstanding, etc., once the Bid has been submitted.

3.1.6 The evaluation of the Bid submissions would be carried out in three stages as stipulated in Section-8 of this RFP.

3.1.7 The Bidders are requested to submit their Bids in accordance with the Bidding Documents through online, only in electronic format on Bidding Portal with scanned copies of all required documents. The Bid shall be valid for a period of not less than 180 (One Hundred and Eighty) days from the due date of bid submission (the "**Bid Due Date**").

3.1.8 It is mandatory for all the participating bidders to upload scanned copy of the Bid Security (EMD) in the bidding portal and shall submit in **Original** at the mentioned address prior to opening of Techno-Commercial bids as stipulated under Clause 3.3 of this RFP:

Bid Security (EMD) amount of **INR 1,00,000/- (Indian Rupees One Lakh only) per MW (AC**) for the respective Project shall be submitted in the form of Bank Guarantee issued from any National scheduled bank, in India from the date on or after issue of RFP and valid for 225 (two hundred and twenty five) days. It is clarified that in case the Bidder is bidding for more than One Project, as per the provisions mentioned in this RFP, then the Bidder shall submit individual Bid Security for each Project.

The Bid Security documents shall be submitted to the office of the GM (DSM), BESCOM in an envelope, sealed and marked as **"Selection of SPGs under Feeder Level Solarization through RESCO mode under CM SKY"**.

Note:

- The bids of the bidders, who have not submitted the above document, will not be opened and such bids will be considered as non-responsive bids.
- No hard copy of Techno-Commercial bids shall be submitted, except the above document.

3.1.9 Bidders who wish to participate in this tender, will have to register on Bidding Portal (Bidders registered earlier on the Bidding Portal need not to get registered again). To participate in online tenders, Bidders will have to procure Digital Signature Certificate and they may contact Helpdesk of Bidding portal for any clarification.

3.1.10 The Bidders are requested to submit their bids prior to scheduled date & time to avoid event of non-submission of their bids due to non-availability of internet connectivity or any other issue of Bidding portal, at last moment or any reason whatsoever. BESCOM will not be held responsible for any such events. The last date of submission of bids will not be extended in such circumstances and no correspondence shall be entertained by BESCOM in this regard.

3.1.11 The statements and explanations contained in this RFP are intended to provide a proper understanding to the Bidders about the subject matter of this RFP and should not be construed or interpreted as limiting in any way or manner. The scope of services and obligations of the SPG set forth in the PPA, BESCOM reserves the right to amend, alter, change, supplement or clarify the scope of work, the right to be awarded pursuant to this RFP or the terms thereof or herein contained. Consequently, any omissions, conflicts or contradictions in the Bidding Documents including this Volume I – Request For Proposal ("RFP") shall be noted, interpreted and applied appropriately to give effect to this intent, and no claims on that account shall be entertained by BESCOM.

3.1.12 BESCOM shall receive Bids in accordance with the terms set forth in this RFP and other documents to be provided by BESCOM pursuant to this RFP (collectively the **"Bidding Documents"**), as modified, altered, amended and clarified from time to time by BESCOM, and all Bids shall be prepared and submitted in accordance with such terms.

3.1.13 The Bidding Documents and any addendum/corrigendum issued subsequent to this RFP, but before the Bid Due Date, will be deemed to form part of the Bidding Documents.

3.1.14 Cutting/overwriting if any in the figures of the tendered documents is required to be clarified/ indicated in words, duly signed by the authorized signatory, failing which, the Bids of such Bidders' may be rejected.

3.1.15 Bidders shall not quote any deviation of any kind in the bid. Such deviations shall not prevail.

3.1.16 All the required information shall be furnished strictly in the prescribed Formats only. Any information indicated other than the prescribed Formats shall not be entertained. The bid shall be evaluated on the basis of information uploaded/furnished in the prescribed Formats only.

3.1.17 The Bidder can quote the Tariff for one or more Project(s) in the Price Bid for the capacity not exceeding its eligible capacity in aggregate, determined as per its Technical Criteria and Financial

Capacity mentioned under Clause 5.2 of this RFP. In case the Bidder quotes more than its eligible capacity, all the Bids submitted by the Bidder shall be summarily rejected.

3.1.18 The Project(s) would be awarded to the Bidder(s) subjected to the Eligibility Criteria as per Clause 5 of this RFP. Bidder desires to bid for more than one Project, will be required to quote Tariff separately for each Project. For the purpose of identifying the Bidder to implement the Project, the Bids submitted by each Bidder would be evaluated on the basis of the evaluation criteria set out in Section 8 (Bid Opening & Evaluation) of this RFP.

3.1.19 The evaluation of the Price Bids of the Bidders shall be made, considering the Lowest Tariff quoted by the Bidder for each Project. The selection of successful bidder will be as per Clause 1.9 & Clause 8.10 of this RFP.

3.1.20 The SPG shall be entitled for the revenue from the Project in accordance with the terms of the PPA.

3.1.21 The SPG shall be responsible for obtaining all applicable statutory clearances.

3.1.22 This RFP is non-transferable.

3.1.23 Any award of Right pursuant to this RFP shall be subject to the terms of Bidding Documents.

3.1.24 Unless the context otherwise requires, the terms not defined in this RFP, but defined in the PPA for the Project shall have the meaning assigned thereto in the PPA.

3.1.25 Clarifications regarding this RFP document for any type of typographical Errors or misunderstanding of document, the version/decision of BESCOM shall be final.

3.1.26 BESCOM reserves the right to cancel/withdraw or alter the RFP document without assigning any reason and shall not bear any liability whatsoever consequent upon such a decision.

3.1.27 Any queries (including any discrepancy, ambiguity and error) or request for additional information concerning this RFP shall be submitted in writing to the address as mentioned below. The envelopes shall clearly bear the following identification/title:
Queries/Request for Additional Information: RFP for "Selection of SPGs under Feeder Level Solarization through RESCO mode".

Or the Queries can be made through e-mail.

The queries should be sent on or before the due date on the official letter head of the company as per the format below, as mentioned in Clause 3.3 of this RFP:

Sl.No.	RFP/PPA	Clause No.	Description	Query

All correspondence regarding queries and clarifications in respect of this RFP document shall be addressed to:

3.2 Key Bid Data:

1	RFP No.	BESCOM/2026-27/SE0470
2	Bidding portal	https://kppp.karnataka.gov.in
3	Bidding procedure	Single Stage Two Part Bidding (The bidders shall quote Project-wise price)
4	Program & detail of work	Design, Survey, Supply, Installation, Testing, Commissioning, Operation & Maintenance of grid connected distributed solar power plants for solarization of Sub-Station (SS) of capacity 500MW in BESCOM jurisdiction, its associated 11kV line to connect the plant with concerned SS and Remote Monitoring System (RMS) of solar power plants through RESCO mode, under Non-CFA category for 25 years under CM-SKY (Mukhya Mantri Soura Krishi Yojane) Scheme
5	Plant technology	The Project shall provide for deployment of Solar PV Technology. Crystalline Silicon or Thin Film or CPV, with or without trackers can be installed. It will be mandatory to use indigenously manufactured solar panels with indigenous cells and modules as per "Approved List of Models and Manufacturers (ALMM)" published by MNRE with any Amendments issued from time to time. Further, the balance of system should also be manufactured indigenously. The vendor must declare the list of imported components used in the solarisation system. To ensure the quality, inspection shall be carried out of the solar modules, inverter/controller, MMS, etc., during the installation of system and final commissioning of the system. BESCOM may engage a third-party inspection agency for this purpose. Only commercially established and operational technologies shall be used, to minimize the technology risk and to achieve the timely Commissioning of the Project. The detailed technical parameters, for Solar PV Power Projects to be selected, shall be in accordance with the MNRE technical specifications issued from time to time.
6	Solar plant location	Nearest to the sub-station and Land arrangement should be made by SPG for 25 years. The SPG shall identify the private land nearer to SS, get ownership of land or its lease rights or combination of the above required for the Project at their own discretion and demonstrating 100% land availability of Minimum of 3 Acres per MW for the proposed project capacity within 60 (Sixty) days from the date of issue of LoA.
7	Delivery point	At 11 kV side of grid transformer bank in sub-station
8	Annual CUF	**Annual CUF: 19% (Declared)** The annual CUF will be calculated every year from 1st April of the year to 31st March of the next year.
9	Minimum Guaranteed Generation	SPG shall maintain minimum generation so as to achieve annual CUF within lower limit of -15% (i.e., CUF of 16.15%) of the declared value till the end of 10 years from COD. Thereafter, till the end of the PPA period of 25 years, CUF within lower limit of -20% (i.e., CUF of 15.20%) of the declared value of

		the annual CUF.
10	Excess Generation	BESCOM, at any time during a Contract Year, shall be obliged to purchase +10% of energy, corresponding to annual maximum CUF of 19%, from the Solar Power Generator and shall be charged at 75% rate equivalent to PPA tariff or any other tariff determined by KERC, whichever is less, provided first right of refusal will vest with BESCOM. Purchase of any excess energy, beyond +10% energy generated corresponding to an annual maximum CUF of 19%, shall be deemed to have been supplied to BESCOM at free of cost.
11	Penalty for deviation in Minimum Guaranteed Generation	In spite of all the above applicable conditions, if SPG is found to deviate from the Minimum Guaranteed Generation in any year, the compensation payable to BESCOM by the SPG shall be the cost of this shortfall in energy terms, calculated at PPA tariff.

3.3 Key Timelines:

Sl.No.	Parameters	Timeline
1	RFP No. and Date	**BESCOM/2026-27/SE0470**
2	RFP Availability	**29.07.2026 onwards**
3	Pre-Bid meeting & Venue	**10.08.2026** Venue: Office of GM DSM, Block 2, Ground Floor, BESCOM Corporate Office, K R Circle, Bengaluru-01
4	Last date for submission of queries	**07.08.2026 upto 11:00 hrs**
5	Last date & time for submission of Bid	**30.08.2026 upto 16:00 hrs**
6	Last date for submission of Original Bank Guarantee for Bid Security/ EMD	**31.08.2026 upto 17:00 hrs**
7	Techno-Commercial Bid Opening	**BESCOM/2026-27/SE0470**
8	Financial/Price Bid Opening	After evaluation of Techno-Commercial bid, price bids of qualified bidders will be opened. Separate intimation regarding date of opening of price bid will not be issued.
9	Returning of Bid Security (EMD)	• Bid Security will be returned to the Unsuccessful bidders after completion of price bid evaluation. • Bid Security will be returned to the Successful bidders only after submission of PBGs and signing of PPA.
10	Issue of LOA to the successful bidders	Project-wise LOA will be issued to L1 bidder for the quoted/negotiated price.
11	Acknowledgement of LOA by the successful bidders	Within 7 days from the date of Issue of LOA
12	Performance Security (Performance Bank Guarantee-PBG)	Successful bidders shall submit Three (3) Bank Guarantees within 30 days from the date of issue of LOA, having validity upto Twenty Seven (27) months from the date of issue of LOA with an additional claim period of two (02) months.
13	Signing of PPA	Within thirty (30) days from the date of issue of LOA

Sl.No.	Parameters	Timeline
		subject to submission of Performance Security
14	Submission of Technical Capacity	Within thirty (30) days from the due date of SCOD
15	Submission of Purchase order and Letter of credit in respect of procuring indigenously manufactured solar panels with indigenous cells and modules as per "Approved List of Models and Manufacturers (ALMM)" published by MNRE with any Amendments issued from time to time.	To be submitted along with "Submission of Technical capacity"
16	Submission of Intimation for Commissioning by the SPG	One month prior to the date of SCOD/COD
17	Scheduled Commercial Operation Date (SCOD)	SCOD shall mean 10 months from date of issue of LOA and any modification is subjected to discretionary of BESCOM
18	Time extension with penalty	Additional Four (4) months time period for commissioning after SCOD, subject to conditions as stipulated in Penalty Clause 4.12 of this RFP.
20	Release of PBG	The PBG will be released after twelve (12) months from the date of commissioning of solar power plant after taking into account any penalties.
21	Termination of PPA in case of Delay in COD	As stipulated in Penalty Clause 4.12.4 of this RFP and Article 5.8 of PPA.

3.4 Key Value and Information on Certain Submission:

Sl.No	Parameters		Value
1	Earnest Money Deposit / Bid Security		Rs.1,00,000/- (Rupees One Lakh only) per MW as Bank Guarantee (BG)
2	Performance Bank Guarantee		Rs.1,00,000/- (Rupees One Lakh only) per MW
3	Failing in signing of PPA after issue of LOA		The BG submitted towards EMD will be encashed as Penalty as stipulated under Clause 9.6.2 of this RFP and LOA will be cancelled.
4	Delay/Failing in submission of notice for commissioning by the SPG		Damages as stipulated in Article 4.3 of PPA
5	Penalty for delay beyond SCOD	Delay in COD upto one month	Encashment of 20% Performance Security
		Delay in COD more than one month and upto two (2) months	Encashment of 40% Performance Security
		Delay in COD more than two months and upto three (3) months	Encashment of 40% Performance Security
		Delay in COD more than three months and upto four (4) months	Rs.50,000/- (Rupees Fifty Thousand) per MW per day
		Beyond Four months	Termination of PPA

SECTION-4

SCOPE OF WORK

4 SCOPE OF WORK

4.1 Overall scope of work of the SPG under this RFP covers:-

- Detailed site survey;
- The SPG shall identify the private land nearer to SS, get ownership of land or its lease rights or combination of the above required for the Project at their own discretion and demonstrating 100% land availability of Minimum of **3 Acres per MW for the proposed project capacity within 60 (Sixty) days from the date of issue of LoA.**
- The SPG may be allowed to change the SS once, due to non-availability of land, subjected to the technical feasibility by KPTCL in the newly identified SS, within 90 (Ninety) days from the date of issuance of LoA.
- The MOU of the land used for construction of power plant shall possess Non-agricultural conversion from competent authority and bidder shall submit ownership/ registered lease agreement before the commissioning of the power plant.
- Arrangement for Private Land applicable for at least 26 years (Land Purchase Documents OR Land lease agreement);
- Design, supply and installation of solar power plant nearest to the SS, in-line with requirements as per MNRE guidelines;
- The physical location of the Project shall be within the geographical boundary of BESCOM jurisdiction;
- Solar plant capacity allotted by BESCOM shall be connected at 11kV side of SS and the selected SPG will be responsible for laying of dedicated 11kV line(s) from Solar plant to SS, construction of bay(s) and related switchgear panel(s) including necessary civil works at SS, where the plant is to be connected to the grid and metering is done. The SPG shall comply grid connectivity and other regulations as applicable;
- Supply and erection of associated 11kV line(s) connecting the solar power plant up to 11kV bus including switchgear panel(s) & metering cubicle(s) at SS, shall be as per the specifications of BESCOM/KPTCL/MNRE/CEA;
- Testing and commissioning of plant & associated 11kV line(s) and other equipments to be carried out/witnessed by BESCOM/KPTCL authorities;
- Operation & Maintenance of the solar power plant as well as associated 11kV line(s) for 25 years from COD;
- Injection of power at delivery point for 25 years at the agreed levelized tariff (Rs. X.XX per kWh/Unit), extendable on mutual agreement;
- Remote Monitoring for solar power plant for 25 years;

4.1.1 It will be mandatory to use indigenously manufactured solar panels with indigenous cells and modules as per "Approved List of Models and Manufacturers (ALMM)" published by MNRE with any Amendments issued from time to time. If required, MNRE/BESCOM/KREDL may conduct its independent inspection or verification.

4.1.2 All components used for installation of solar power plants shall confirm to applicable BIS/MNRE specifications and follow quality control guidelines issued by MNRE. It will be mandatory to use indigenously manufactured solar panels with indigenous cells and modules as per "Approved List of Models and Manufacturers (ALMM)" published by MNRE with any Amendments issued from time to time. The vendor must declare the list of imported components used in the solarisation system. MNRE will draw up a list of approved models and manufacturers after carrying the quality checks. When such a list is prepared only that equipment shall be allowed which is within the approved list. To ensure the quality, inspection shall be carried out of the solar modules, inverter/controller, MMS, etc., by BESCOM/KPTCL/MNRE or any other third-party inspection agency, during the installation of system and final commissioning of the system.

4.1.3 It shall be the responsibility of the SPG, entirely at its cost and expenses, to install such number of solar panels and associated equipment as may be necessary to achieve the required declared CUF and for this purpose, Successful bidder shall make its own study and investigation of the Global Horizontal Irradiation (GHI) and other factors prevalent in the area, which have implication on the quantum of generation.

4.1.4 The solar power plant and associated 11kV line(s) is to be set up with adequate arrangements upto the delivery point(s) and O&M for 25 years from COD by the SPG at its own cost and in accordance with this RFP document. All approvals, permits and clearances required for setting up of the Project including those required from State/Central Government and local bodies along with any associated cost for getting the clearances shall be in the scope of the SPG.

4.1.5 The project awarded under this RFP shall not include energy storage with solar power plant.

4.1.6 The Bidders may carry out field visits to assess the pre-feasibility of connectivity. Once the bidder submits the techno-commercial bid, it shall be considered that the bidder is well verse with all the local conditions and has prepared its technical and financial bid accordingly. No claim or issue by the bidder(s) in this regard shall be accepted or, entertained by BESCOM, after due date of bid submission.

4.1.7 The scope of work shall also include submission of following by the SPG:

Sl.No.	Particulars	Timeline for submission
1	Detailed planning of time bound for smooth execution of project	Within One (1) month from the date of signing of PPA
2	A layout plan of the site to the inspecting authority clearly indicating the identified location for installation of solar power plant & control room, where control panels will be installed	Within Three (3) months from the date of signing of PPA
3	O&M plan for the plant and 11kV line for	Annual O&M plan shall be

	Twenty-five (25) years from COD to assure faultless operation	submitted every year by the end of every March

4.2 Grid Connectivity Compliance:

4.2.1 The SPG shall obtain power evacuation approval from competitive authorities after signing of PPA. In no case, BESCOM/KPTCL shall be held responsible for the non-performance of the SPG in obtaining the approval from competitive authorities for grid connectivity.

4.2.2 The SPG should follow the latest Technical standards for connectivity to the grid regulations notified by CEA in 2012 and subsequent amendments issued from time to time, for generating stations using inverters. As per the Part-II section B of the regulations, the Harmonics, Direct Current (DC) injection and flicker should be within the limits as per CEA guidelines.

- Harmonic current injections from a generating station shall not exceed limits specified in Institute of Electrical & Electronic Engineers IEEE-519.
- The solar generating station shall not inject DC current greater than 0.5% of the full rated output at the interconnection point.
- The generating station shall not introduce flicker beyond the limits specified in IEC 61000.
- Measurement of harmonic content, DC injection and flicker shall be conducted by SPG at least once in a year in presence of KPTCL/BESCOM.
- The generating station shall be capable of supplying dynamically varying reactive power support so as to maintain power factor within the limits of 0.95 lagging and 0.95 leading.
- The generating units shall be capable of operating in the frequency range of 47.5Hz to 52Hz and shall be able to deliver rated output in the frequency range of 49.5Hz to 50.5Hz provided, the performance is achieved with voltage variation of up to ±5% of rated voltage (11kV) subject to solar insolation.

4.2.3 SPG shall maintain the reactive power injection and drawl at interconnection point as per the State grid code or Indian grid code guidelines. Penalty shall be applicable as per Indian grid code for violation of the limits.

4.3 Metering:

4.3.1 Metering and grid connectivity of the project shall be the responsibility of the SPG in accordance with the prevailing guidelines of CEA/KERC/KPTCL/BESCOM. BESCOM may facilitate in the process; however, the entire responsibility lies only with the SPG.

4.3.2 The metering arrangement shall be 3ph 4 wire metering system and the cost of required HT metering cubicle at SS and SPG's plant side (11kV side) with meters, CTs, PTs, etc shall be borne by the SPG.

4.3.3 Meters, CTs and PTs shall be tested as per relevant standards at BESCOM MT laboratory before installation at the site and should be sealed during pre-commissioning test by the designated authority of BESCOM/KPTCL. The total cost shall borne by the SPG.

4.3.4 The accuracy class, CT ratio and certifications of the metering system shall confirm with relevant CERC/KERC Regulations, Grid Code and Central Electricity Authority (Installation and Operation of Meters) Regulations, 2006 as amended and revised from time to time.

4.3.5 The SPG shall install Two (2) DLMS compliant ETV meters (main & check) with Remote Monitoring System (RMS) connectivity at SS end & Standby metering arrangement at SPG's plant 11kV side and timely replacement of meters as required, to directly measure energy supplied by the Solar Power Plant.

4.3.6 If the solar power at SS is evacuated through more than one evacuation line, then the SPG shall provide metering arrangement to each line as stated above. For billing purpose, sum of the readings of all the meters provided at SS end only will be considered.

4.3.7 The SPG shall also be responsible for installation of Remote Monitoring System and connectivity of solar plants to sub-station.

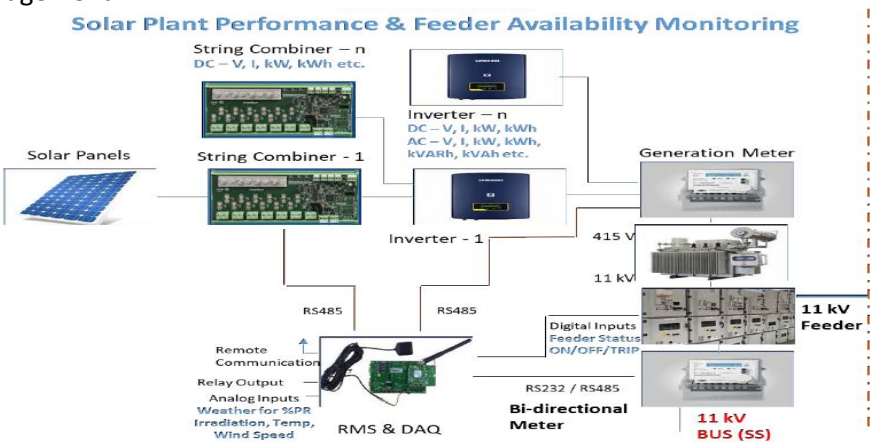
4.4 Remote Monitoring System (RMS):

4.4.1 BESCOM intends to monitor solar power generation and performance of the solar power plant through online system.

4.4.2 State SEDM platform has been developed to integrate & monitor the performance of all systems installed.

4.4.3 the SPG under this RFP shall be required to install required remote monitoring system for solar power plant at their own cost and integrate & communicate with State SEDM platform directly.

4.4.4 SEDM platform developed by BESCOM, is excluded from the scope of the SPG, but SPG needs to operate and do various data entries related to application processing, asset and workflow management.



4.4.5 SPG needs to provide a Remote Monitoring System for:

(a) **Solar Power Plant:** Capture electrical parameters from multiple devices such as ETV Meters, Generation Meter, Inverters, String Combiner boxes or String inverters.

Remote monitoring system will capture important Electrical and Status parameters such as AC/DC voltage, control, power, energy as well as monitoring of Breaker etc and will transmit data to State Level Solar Energy Data Management (SEDM) platform and SLDC. It shall also be possible to control Inverter Active and Reactive power.

(b) **Feeder Level Remote monitoring system with meter and necessary AMR infrastructure.**

(c) **Communication Connectivity for Solar Plant RMS:**

i. **Field Device Connectivity:** RMS will connect to Inverter, String combiner boxes or string inverters using RS485 MODBUS communication protocol as well as meters using RS232 DLMS protocol. Both protocols are widely used by equipment manufacturers.

ii. **Remote Connectivity:** RMS will connect to State Level SEDM Server using 2G/3G/4G/5G or any other suitable cellular communication. RMS to Server Communication shall be established using MQTT protocol which is well accepted IoT protocol across the globe and supported by all leading IT as well as OT companies for Smart Grid, Smart RE and Smart City Applications.

iii. **Local Connectivity:** Ethernet/Bluetooth/Wi-Fi connectivity to configure parameter, notifications, communication intervals, set points, operation mode configuration or to download locally stored data. All the required data shall be mapped with SCADA on real-time basis as per the guidelines of KPTCL/SLDC. The solar power plant data shall be mapped with SLDC (State Load Dispatch Center)/REMC (Renewable Energy Management Center) for grid monitoring.

iv. **Sensor Connectivity:** RMS should have provision for at least four Analog inputs with 0.1% accuracy to address the requirement of local sensors connectivity by SPG for applications such as irradiation, wind speed, temperature to calculate %PR of Solar Plant.

4.4.6 Details of Communication Modes, Communication Protocols, Security and Message formats and equipment wise parameter details are enclosed as “Communication Architecture between RMS and State Level Server” in **Schedule 2**.

4.4.7 It is the responsibility of SPG to provide SIM card, recurring communication charges and maintain communication connectivity of more than 96% and data availability of 99% for the 25 years of operation & maintenance of solar power plant and its associated 11kV line.

4.5 Type and Quality of Materials and Workmanship:

4.5.1 The design, supply, installation, testing, commissioning, operation and maintenance of the solar power plant and the associated 11kV line(s) shall be in accordance with latest/ appropriate IEC/Indian Standards. Where appropriate Indian Standards and Codes are not available, other suitable standards and codes as approved by the MNRE/CEA/KERC/ BESCOM/KPTCL shall be used. All the relevant test certifications must be kept valid up to minimum One (1) Year from the COD of the Project.

4.5.2 The SPG shall ensure that the specifications of the components/equipment like 11kV switchgear panel, HT metering cubicle, etc should meet the technical specifications of KPTCL/BESCOM.

4.5.3 Any material/equipment which have not been specifically mentioned in this RFP but which are necessary during construction or O&M period of the plant & associated 11kV line(s) shall be provided by the SPG within the time schedule, for efficient, smooth construction and O&M activities.

4.6 Insurance:

4.6.1 The SPG shall also take insurance for third party liability covering loss of human life, engineers and workmen and also covering the risks of damage, theft of material/ equipment/properties/natural calamities, after completion of the work(s). Before commencement of the work, the SPG shall ensure that all its employees and representatives are covered by suitable insurance against any damage, loss, injury or death arising out of the execution of the contract. Liquidation, Death, Bankruptcy etc., shall be the responsibility of SPG only.

4.7 Application of Insurance Proceeds:

4.7.1 In case the Project is not implemented through Financing Agreement(s), the proceeds of any insurance claim made due to loss or damage to the Project or any part thereof shall be applied towards reinstatement, replacement, or renewal of such loss or damage.

4.7.2 In case the Project is implemented through Financing Agreement(s), the proceeds of any insurance claim made due to loss or damage to the Project or any part thereof shall be applied towards reinstatement, replacement, or renewal of such loss or damage as per the terms of the respective Financing Agreements. In case the system installed by the SPG fails to operate for the entire agreed life period, the plant may be seized and auctioned by BESCOM in accordance with applicable rules and contractual terms.

4.7.3 If a Force Majeure Event renders the Project no longer economically or technically viable and the insurers make payment on a “total loss” or equivalent basis, BESCOM shall have a claim on such insurance proceeds limited to outstanding dues of BESCOM against the SPG. In case of liquidation of assets of the solar power plant prior to completion of the PPA period, BESCOM shall have first charge over such proceeds to the extent of any dues payable to BESCOM.

4.7.4 BESCOM/ KPTCL shall not be liable for any loss, damage, liability, payment, obligation, or expense relating to the insured assets of the SPG.

4.8 Conditions Precedent:

4.8.1 The Conditions Precedent is required to be satisfied by the SPG, within fifteen (15) days before SCOD/COD, shall be deemed to have been fulfilled when the SPG shall have:

a) delivered to BESCOM from SPG confirmation, in original, of compliance with the equity lock-in condition set out in this RFP; and
b) delivered to BESCOM a legal opinion from the legal counsel of the SPG with respect to the authority of the SPG to enter into PPA and the enforceability of the provisions thereof.

4.8.2 The SPG shall make all reasonable endeavours to satisfy the Conditions Precedent within the time stipulated.

4.8.3 The SPG shall provide at least thirty (30) days advance preliminary written notice and at least fifteen (15) days advance final written notice to BESCOM of the date on which it intends to synchronize the Power Project to the Grid System.

4.9 Technical Capacity & Financial Closure:

4.9.1 The SPG shall submit the undertaking of technical capacity as per **Annexure-IV** while submitting the Bid for fulfilling technical criteria as stipulated in Clause 5.2.1 of this RFP.

4.9.2 The SPG shall submit the following documents within thirty (30) days from the due date of SCOD/COD;

a. Financial Closure and necessary loan documents issued by the funding agency/banks, etc.
b. Documentary evidence that the requisite technical criteria (Technology adopted) have been fulfilled as per Schedule-1.
c. Documentary evidence for the required land for project development as per the details set out in Schdule-3.
d. Documentary evidence for evacuation approval from competitive authorities.
e. Purchase Order and Letter of Credit in respect of procuring cells, modules & Balance of Systems (BoS) and relevant documents.

4.10 Completion Period:

4.10.1 The design, survey, supply, installation, testing and commissioning of solar power plant with associated 11kV line(s) connecting the solar power plant with concerned SS and RMS of solar power plant as per terms & conditions of this RFP is to be completed within 10 months from date of issue of LOA and any modification is subjected to discretionary of BESCOM .

4.10.2 In case, if SPG complete the project before SCOD, the same can be evacuated to grid at PPA tariff, if BESCOM approves the same, in such cases, the SPG shall submit all requisite documents with respect to financial closure and technical capacity within one month from the date of COD. The decision of BESCOM will be final, based on the grid requirements.

4.11 Commissioning and Commercial Operation Date:

4.11.1 The SPG shall submit the following documents within thirty (30) days from the due date of SCOD/date of COD along with any other documents of this RFP and PPA, for inspection & commissioning of the power plant:

a) Inspection/Test Reports of the work(s) for all equipments/material
b) CEIG approval for the PPA capacity
c) Evacuation approval
d) Work completion report

4.11.2 The SPG is not permitted to commission the Project(s) partially.

4.11.3 A team of BESCOM &/KPTCL officials will inspect the Solar Power Plant and will commission & synchronise the solar power plant with the grid, subject to all the works are completed as per the norms & the pre-commissioning test results are satisfactory.

4.11.4 The Inspection & Commissioning team will issue Commercial Operation Date (COD) certificate.

4.12 Delay in Commissioning and Penalty:

4.12.1 The Scheduled Commercial Operation Date shall be 10 months from date of issue of LOA and any modification is subjected to discretionary of BESCOM

4.12.2 In case, delay in commissioning of solar plant is due to the reasons beyond the control of the SPG, BESCOM after having been satisfied with documentary evidences produced by the SPG for the purpose can extend the time.

4.12.3 For any delay of COD beyond 10 months from date of issue of LOA, Penalty will be applicable as per 4.12.4

4.12.4 Further, the SPG is allowed to commission the plant beyond SCOD with additional Four (4) months period with applicable Penalty as detailed below:

Penalty for delay in COD beyond SCOD	Delay upto One (1) month	Encashment of 20% Performance Security
	Delay of more than One (1) month & upto Two (2) months	Encashment of 40% Performance Security (i.e., 60% of total Performance Security)
	Delay of more than Two (2) months & upto Three (3) months	Encashment of 40% Performance Security (i.e., 100% of total Performance Security)
	Delay of more than Three (3) months & upto Four (4) months	INR 50,000/- (Rupees Fifty Thousand) per MW per day of delay
	Delay of more than Four (4) months	Termination of PPA
Note: In case, BESCOM extends the SCOD timeline, the same will be applicable.		

4.12.5 The maximum time period allowed for achievement of COD shall be upto 10 months from letter of Award and with additional four (4) months' time period (with penalty) as stipulated under Clause 4.12.4.

4.13 Clearances required from the State/Central Government and other Local Bodies:

4.13.1 The SPG is required to obtain necessary clearances and permits as required for setting up the Solar Power Project, including but not limited to the following:

i. Approval for water from the concerned authority (if applicable) required for the

solar power plant;

ii. Any other clearances (forest dept., etc) as may be legally required, in order to establish and operate the solar power plant and associated 11kV line(s).

4.13.2 The above clearances, as applicable for the solar power plant and/or, associated 11kV line(s), shall be required to be submitted to BESCOM prior to commissioning of the Project. In case of any of the clearances as indicated above being not applicable for the said Project, the SPG shall submit an undertaking in this regard, and it shall be deemed that the SPG has obtained all the necessary clearances for establishing and operating the Project. Any consequences contrary to the above shall be the responsibility of the SPG.

4.13.3 Any cost associated with getting the above required clearances for the project shall be borne by the SPG only.

4.14 Capacity Utilisation Factor (CUF):

4.14.1 The SPG shall maintain annual Capacity Utilization Factor of 19% (declared) for solar PV projects under this RFP.

4.14.2 During the first 10 years after COD, the minimum generation shall not be less than -15% of declared CUF of the Power Project, while after 10 years, the minimum generation shall not be less than -20% of declared CUF. To ascertain the CUF maintenance by the SPG, a third party may carry out checks for testing the CUF of the Project(s).

4.14.3 If the generation is found to be below the prescribed limits which is solely attributable to SPG, the SPG shall be liable to compensate the BESCOM for shortfall in minimum generation at the rate agreed in PPA.

4.14.4 BESCOM, at any time during a Contract Year, shall be obliged to purchase +10% of energy, corresponding to annual maximum CUF of 19%, from the SPG and shall be charged at 75% rate equivalent to PPA tariff or any other tariff determined by KERC, whichever is less, provided first right of refusal will vest with BESCOM.

4.14.5 Purchase of any excess energy, beyond +10% energy generated corresponding to an annual maximum CUF of 19%, shall be deemed to have been supplied to BESCOM at free of cost and the SPG shall not be allowed to sell the excess energy under open access or any other buyer.

4.15 Open Access Restriction:

The SPG shall not sell solar power to any other buyer or is not allowed to go for open access at any point of time during the PPA tenure with third party other than BESCOM. In case SPG violates the same, SPG is liable to pay BESCOM, for non-supply of agreed contracted energy for the balance PPA period at the rate of prevailing average power purchase cost as penalty.

4.16 void:

4.17 Forecasting and Scheduling:

The SPG shall comply with KERC/IEGC regulations on Forecasting, Scheduling and Deviation Settlement, as applicable and are responsible for all related liabilities. The scheduling of the power from the project as per the applicable regulation shall be the responsibility of the SPG and any financial implication on account thereof shall be borne by the SPG including payment (payable/receivable) of deviation charges to concerned authority.

4.18 Sharing of Clean Development Mechanism (CDM) benefits:

The Project shall be compatible to CDM/Carbon Credit (CC) claims and all such CDM claims shall be reported to BESCOM periodically by the SPG, if such benefit is notified by Govt. The proceeds of carbon credit from approved CDM project shall be shared between the Parties in the following manner:

a. 100% of the gross proceeds of CDM/CC benefit accrued in the first year following the date of COD shall be retained by the SPG;

b. In the second year following the COD, the SPG shall give 10% share in the gross proceeds of the CDM benefit to BESCOM and the share of benefit to BESCOM shall be progressively increased by 10% every year thereafter, till it reaches 50%, where after the proceeds shall be shared in equal proportion between the Parties.

4.19 Notice Board for Display at Site:

The SPG shall provide a notice board (at least 180cmx120cm) at the project site main entrance, prominently displaying the following details before declaration of COD:

Name of the Project	**BESCOM CM SKY Scheme**
Owned & Operated by	**Name of the SPG**
Solar Plant Capacity	**XX MWp**
Location of Solar plant	**Place**
	Taluk, District, State
Name of Sub-Station (Delivery Point)	**Name of Sub-Station**

5.3 General Terms of Bidding for Eligibility Criteria:

5.3.1 The Bidder including its Parent, Ultimate Parent, Affiliate, Group Business Entity (ies) or any other Group Entity (ies) either bidding as Single Bidder or as a Consortium is eligible to submit only one Bid for each Project.

5.3.2 The Bidder as an individual or body of single business entity **("Single Business Entity")** or a group of entities (the **"Consortium"**), may implement the Project(s). However, any Bidder applying individually or as a member of a Consortium, as the case may be, cannot be a member of another Consortium for any Project. The term Bidder used herein would apply to a Single Business Entity, a Consortium, Corporations, Partnerships, Limited Liability Partnership (LLPs), Sole Proprietor, Firm registered under Societies Registration Act.

5.3.3 A Consortium shall be eligible for consideration, subject to the conditions set out in this RFP. Unless the context otherwise requires, the terms not defined in this RFP, but defined in the PPA for the Project shall have the meaning assigned thereto in the PPA and its subsequent amendments/corrigendum issued from time to time.

5.3.4 A Bidder either bidding as Single Business Entity or as a Consortium is eligible for award of Project(s) has no cap on the aggregate Bidding capacity under this RFP for all the Projects, however the maximum limit for each Bidder will be based on technical criteria and financial capability as mentioned under Clause 5.2 of this RFP.

5.3.5 Any entity which has been barred by the Central/any State Government, or any entity controlled by them, from participating in any project, and the bar subsists as on the date of Bid, would not be eligible to submit a Bid, either individually or as member of a Consortium.

5.3.6 A Bidder/Consortium Member should, in the last three years, have neither failed to perform on any contract, as evidenced by imposition of a penalty by an arbitral or judicial authority or a judicial pronouncement or arbitration award against the Bidder, nor been expelled from

any project or contract nor have had any contract terminated for breach by such Bidder/ Consortium Member.

5.3.7 **Change in composition of the Consortium:** A Bidder shall not be allowed to change its composition for any of the Project(s), i.e. Single Business Entity bidding for a Project(s) cannot bid as a Consortium for any other Project(s) and a group of entities bidding as a Consortium for a Project(s) cannot change its composition for any other Project(s). Further, where the Bidder is bidding as Consortium, the Lead Member of the Consortium shall remain same for all the Project(s).

5.3.8 **Shareholding Commitments:**

a. In case, the Selected Bidder is a Consortium, Members of the Consortium shall collectively hold at least 51% of subscribed and paid up equity share capital of the SPV at all times until first anniversary of the COD of the Project. Lead Member shall have 26% shareholding of the SPV until first anniversary of the COD of the Project. The Bidder further acknowledges and agrees that the aforesaid obligation shall be the minimum, and shall be in addition to such other obligations as may be contained in the PPA, and a breach hereof shall, notwithstanding anything to the contrary contained in the PPA, be deemed to be a breach of the PPA and dealt with as such thereunder.

b. Transfer fees shall be applicable as per the State RE Policy, in case of title transfer and shareholder should fulfil the net worth requirement.

c. In case the Selected Bidder is a Single Business Entity and exercises its option to incorporate a SPV, then it shall hold at least 51% (fifty one percent) of subscribed and paid up equity share capital of the SPV, until first anniversary of the COD of the Project. This condition is applicable only in case the Single Business Entity incorporates an SPV to execute the PPA and implement the Project.

5.3.9 The Bidder shall also submit a certificate citing the calculation of net worth as provided in **Annexure-V & V(A)** along with the audited annual accounts for the financial year 2023-24.

In case of a Consortium, for the computation of Financial Capacity, the net worth of all the members of the Consortium would be aggregated. In computing the net worth of the Single Business Entity/Consortium Members, the net worth of their respective Group Business Entities would also be eligible hereunder.

5.3.10 For the purpose of ascertaining qualification, Technical Capacity/Financial Capacity of group business entity ("**Group Business Entities**") can also be submitted by the Bidder in addition to its own Financial Capacity. The Financial Capacity would be summation of the Financial Capacity of the Bidder and the Group Business Entities. For the purpose of this RFP, a Group Business Entity shall mean;

(a) A Company incorporated under the Companies Act 1956/2013.

(b) A Business Entity, which directly or indirectly holds not less than 26% of voting securities of the Bidder; or

(c) A Business Entity in which the Bidder directly or indirectly holds not less than 26% of voting securities.

For the purposes of meeting financial requirements, only unconsolidated audited annual accounts shall be used. However, audited consolidated annual accounts of the Bidder may be used for the purpose of financial requirements provided the Bidder has at least twenty six percent (26%) equity in each Company whose accounts are merged in the audited

consolidated account and provided further that the financial capability of such Companies (of which accounts are being merged in the consolidated accounts) shall not be considered again for the purpose of evaluation of any other Bid.

The details of Group Business Entities must also be provided as per **Annexure-VI** of this RFP.

5.3.11 Where the Bidder is a Single Business Entity, it may at its option, form an appropriate Special Purpose Vehicle under the Companies Act, 1956/2013 (the "**SPV**") to execute the PPA and implement the Project. In case, the Bidder is a Consortium, it shall, prior to execution of the PPA, incorporate as per the terms of the RFP, an appropriate "SPV" in India only to execute the PPA and implement the Project. The Consortium in addition to forming a "SPV" in India only, shall also comply with the following requirements:

a. The number of members in a Consortium would be limited to Three (3);
b. The shareholding commitments of all the members of the Consortium shall be in accordance with Clause 5.3.8;
c. The Bid should contain the information required for each member of the Consortium;
d. Members of the Consortium shall nominate one (1) member as the lead member (the "**Lead Member**") who shall have an equity share holding of at least 26% (twenty six percent) of the paid up and subscribed equity of the SPV until first anniversary of the COD. The other members of the Consortium shall be termed as "**Other Members**". The nomination(s) shall be supported by a Power of Attorney, as per the format at **Annexure - XV**, signed by all the members of the Consortium;
e. All the members of the Consortium shall collectively hold at least 51% of subscribed and paid-up equity share capital of the SPV at all times until first anniversary of the COD of the Project.
f. The Bid should include a brief description of the status of the Consortium members (Lead Member & Other Member), particularly with reference to equity shareholding commitment;
g. An Individual Bidder at the same time, cannot be a member of a Consortium applying for qualification. Further, a member of a particular Consortium cannot be an Individual Bidder or a member of any other Bidder Consortium applying for qualification;
h. The Parties to the Consortium should establish SPV in India only and execute the PPA in respect of the Project(s) awarded to such Consortium.
i. Members of the Consortium shall enter into a binding Joint Bidding Agreement (the "**Jt. Bidding Agreement**"), as per the format provided in **Annexure – XVI,** for the purpose of submitting the Bid and should submit the same along with the Bid. The Jt. Bidding Agreement should be specific to the Project and should fulfill the requirements set out below, failing which, the Bid shall be considered as non-responsive. The Jt. Bidding Agreement shall inter alia:

    (i) Convey the intent to form a SPV with shareholding/ownership equity commitment(s) in accordance with Clause 5.3.8, which would enter into the PPA and subsequently carry out all the responsibilities as SPG in terms of the PPA, in case the Project is awarded to the Consortium.
    (ii) Clearly outline the proposed roles and responsibilities of each member at each stage.
    (iii) Commit the minimum equity stake to be held by each member; and
    (iv) Include a statement to the effect that all members of the Consortium shall under the PPA, be liable jointly and severally for all obligations of the SPG in relation to the Project until the Condition Precedent of the Project is achieved in accordance with the PPA.

j. The parties of the Consortium should conform to the Technical and Financial requirements as specified in "Clause 5 : Eligibility & Qualification".

5.3.12 Bids will be rejected, if supporting documents are not attached for each eligible criterion as per Clause 5.1 and 5.2, without any further correspondence.

5.3.13 If any information including but not limited to certificates or documentary evidence or letter or any document submitted by the Bidder in support of qualifying the eligibility criteria is found to be incorrect/untrue/wrong/dishonest, at any point in time post submission of Techno-Commercial Bid, BESCOM, at its own discretion, shall cancel all the capacities of such Bidder and the PBG (if any) shall be forfeited, further BESCOM can blacklist the Bidder.

5.3.14 Notwithstanding anything to the contrary contained in this RFP, the detailed terms specified in the PPA shall have overriding effect; provided, however, that any conditions or obligations imposed on the Bidder hereunder shall continue to have effect in addition to its obligations under PPA.

5.3.15 Any condition or qualification or any other stipulation contained in the Bid submission shall render the Bid submission liable to rejection as a non-responsive Bid submission.

5.3.16 The Bidding documents including this RFP and all attached documents are and shall remain the property of BESCOM and are transmitted to the Bidders solely for the purpose of preparation & submission of a Bid in accordance herewith. Bidders are to treat all information as strictly confidential and shall not use it for any purpose other than for preparation & submission of their Bid. BESCOM will not return any Bid or any information provided along therewith.

5.3.17 A Bidder shall not have a conflict of interest (the "**Conflict of Interest**") that affects the Bidding Process. Any Bidder found to have a Conflict of Interest shall be disqualified. Without limiting the generality of the above, a Bidder shall be considered to have a Conflict of Interest that affects the Bidding Process, if;

a. such Bidder (or any constituent thereof) and any other Bidder (or any constituent thereof) have common controlling shareholders or other ownership interest; provided that this disqualification shall not apply in cases where the direct or indirect shareholding in a Bidder or a constituent thereof in the other Bidder(s) (or any of its constituents) is less than 25% of its paid up and subscribed capital; or
b. a constituent of such Bidder is also a constituent of another Bidder; or
c. such Bidder has the same legal representative for purposes of this Bid as any other Bidder; or
d. such Bidder, or any Group Business Entity thereof, has a relationship with another Bidder or any Group Business Entity thereof, directly or through common third parties, that puts them in a position to have access to each other's information about, or to influence the Bid of either or each; or
e. such Bidder or any Group Business Entity thereof has participated as a consultant to BESCOM in preparation of any documents, design or technical specifications of the Project.

5.3.18 The following conditions shall be adhered to while submitting a Bid:

a. Bidders should upload clearly marked and referenced continuation sheets in the event that the space provided in the prescribed forms in the Annexures is

insufficient. Alternatively, Bidders may format the prescribed forms making due provision for incorporation of the requested information;

b. Information provided by a Bidder (or other constituent Member if the Bidder is a Consortium) must apply to the Bidder, Member or Group Business Entity named in the Bid and not, unless specifically requested, to other associated companies;

c. Bidders should demonstrate their Eligibility Criteria in accordance with Clause 5 of this RFP.

"

The envelopes shall be addressed to:

ATTN. OF:	The General Manager(DSM)
ADDRESS:	Block-II, Ground Floor, Corporate Office, BESCOM, K.R.Circle, Bengaluru-560001

7.3.8 If the envelopes are not sealed and marked as instructed above, BESCOM assumes no responsibility for the misplacement or premature opening of the contents of the document submitted and consequent losses, if any, suffered by the Bidder.

7.4 Bid Due Date:

7.4.1 Bids through electronic mode in Bidding portal should be submitted on or before Bid Due Date & time in the manner and form as detailed in Clause 3.3 of this RFP.

7.4.2 The BG towards the Bid Security/EMD should be submitted in Original to BESCOM Office, after the closing of online Bid submission due date and before Opening of the Techno-Commercial Bid, as per the schedule of Bidding Process provided in this RFP at the address provided in Clause 7.3.7 in the manner & form as detailed in this RFP and an acknowledgement/proof of delivery shall be obtained.

7.5 Late Bids:

The original documents of bids described under Clause 7.3.7 "**Submission of hard copy in Original at B office**", received after the specified time, shall not be eligible for consideration and shall be summarily rejected.

7.6 Submission of Bid Security:

7.6.1 Bidders are required to submit Single Bank Guarantee towards EMD ("Bid Security") of INR 1,00,000/- (Rupees One Lakh only) per MW (AC) **per Project** for the proposed total capacity.

Illustration: *For avoidance of doubt, in case a Bidder is eligible to quote for 20 MW (AC) capacity in total (based on Techno-Commercial criteria) and if the Bidder is interested to submit the Bids for two Projects of 8MW and 12MW, then the bidder can submit two separate Bid Securities for Rs.8 lakhs and Rs.12 lakhs respectively or can submit single Bid Security for Rs.20 lakhs.*

7.6.2 The Bid Security shall be submitted in the form of Bank Guarantee as per the Format provided as **Annexure-XIX** issued from any National scheduled bank, in India from the date on or after issue of RFP and valid for 225 (Two hundred and twenty five only) days and shall be submitted as described under Clause 7.3.7 of this RFP.

7.6.3 The bids will not be opened for the bidders who have not submitted the BG towards Bid Security in original on or before bid due date & time as specified in Clause 7.4 of this RFP.

7.6.4 No relaxation of any kind on Bid Security shall be given to any Bidder.

7.6.5 The Bid Security will be returned, without any interest, as stipulated in Clause 9.5 of this RFP.

7.7 Language of Bids:

The Bid submission and all related correspondence and documents in relation to the Bidding Documents shall be in English language. Supporting documents and printed literature furnished by the Bidder with the Bid may be in any other language provided that they are accompanied by appropriate translations of the pertinent passages in the English language, duly authenticated and certified by the Bidder from Gazetted officer. Supporting materials, which are not translated into English, may not be considered. For the purpose of interpretation and evaluation of the Bid, the English language translation shall prevail.

7.8 Cost of Bidding:

The Bidders shall be responsible for all the costs associated with the preparation and submission of their Bids and BESCOM will not be responsible or in any way liable for such costs, regardless of the conduct or outcome of the Bidding Process.

7.9 Verification of information:

7.9.1 It shall be deemed that by submitting a Bid, the Bidder has:

a. made a complete and careful examination of the Bidding Documents;
b. received all relevant information requested from BESCOM;
c. acknowledged and accepted the risk of inadequacy, error or mistake in the information provided in the Bidding Documents;
d. satisfied itself about all matters, things and information necessary and required for submitting an informed Bid, execution of the Project in accordance with the Bidding Documents and performance of all of its obligations thereunder;
e. acknowledged and agreed that inadequacy, lack of completeness or incorrectness of information provided in the Bidding Documents shall not be a basis for any claim for compensation, damages, extension of time for performance of its obligations, loss of profits etc. from BESCOM, or a ground for termination of the PPA; and
f. agreed to be bound by the undertakings provided by it under and in terms hereof.

7.9.2 BESCOM shall not be liable for any omission, mistake or error on the part of the Bidder in respect of any of the above or on account of any matter or thing arising out of or concerning or relating to RFP, the Bidding Documents or the Bidding Process, including any error or mistake therein or in any information or data given by BESCOM.

7.10 Validity of Bids:

7.10.1 The Bids shall be valid for a period of 180 (One Hundred and Eighty) days from the Bid Due Date (the "**Bid Validity Period**").

7.10.2 The Bid Validity Period may be extended by mutual consent of the respective Bidders and BESCOM.

7.11 Submission of Techno-Commercial Bid (Part I):

7.11.1 The Bidder shall upload their Techno-Commercial Bid in the Bidding portal, in the prescribed formats as described under Clause 7.3 (except Price Bid).

7.11.2 It is pertinent to note that only commercially established and operational technologies shall be proposed by the Bidders, to minimize the technology risk and to achieve timely commissioning of the Projects. The Bidder may indicate regarding the selection of technology and its details at the time of submission of Bids in the prescribed **Annexure-IV** of this RFP. However, the successful Bidder shall confirm the selection of technology in line with the above at the time of Financial Closure. The technology, including the technology partner, proposed at the time of submission of response to RFP can be changed at the time of Financial Closure.

7.11.3 Detailed technical parameters for Solar PV Projects to be met by the Bidders are provided in Schedule-1 of this RFP and the Bidders shall strictly comply with these technical parameters.

7.12 Submission of Financial Bid (Part II):

7.12.1 The Financial Bid quoted as Tariff shall be inclusive of all applicable taxes, GST, duties, etc and shall be submitted only through Bidding portal. This shall be uploaded at the slot provided for Financial Bid only. If the price is disclosed anywhere else in the Techno-Commercial bids, the bid will be rejected.

7.12.2 Price shall remain binding on the bidder throughout the contract period. Any alteration in the rates etc., will not be allowed on any ground, such as mistake, misunderstanding etc., after the Bid has been submitted.

7.12.3 The Bidders shall quote their lowest levelized tariff in INR per kWh (unit) against the ceiling tariff of INR 3.19 per kWh (unit), for selling the power generated by the XX.XX MW solar power plant to BESCOM for 25 years (unless extended by both the parties on mutual agreement) from the date of COD. If the quoted tariff is above the ceiling tariff of Rs.3.19, such bids will be rejected.

7.12.4 The tariff has to be quoted up to two decimal places only. If it is quoted with more than two digits after decimal, it shall be ignored after first two decimal places. (For e.g. if the quoted tariff is INR 3.0576 per kWh, then it shall be considered as INR 3.05 per kWh).

7.12.5 The Bidder shall, as part of its Financial Bid, submit Tariff separately for each Project. Please note that if price offer is submitted in techno-commercial bid, such bids will be rejected in techno-commercial bid evaluation stage only and will not be considered for further process to conclude the bid.

7.12.6 The opening of Bids and acceptance thereof shall be substantially in accordance with this RFP.

7.13 Withdrawal of Bids:

7.13.1 The Bidder may withdraw its Bid after submission of the Bids electronically prior to Bid Due Date.

7.13.2 Bids shall NOT be withdrawn after Bid Due Date or Due Date, as the case may be and during Bid Validity Period. Withdrawal of a Bid during this period may result in the forfeiture of its Bid Security, pursuant to Clause 9.6.

7.13.3 Any alteration/modification in the Bid or additional information supplied subsequent to the Bid Due Date or Due Date, as the case may be, unless the same has been expressly sought for by BESCOM, shall be disregarded.

7.14 Rejection of Bids:

7.14.1 Any Bid not accompanied by the Bid Security shall be rejected as non-responsive.

7.14.2 BESCOM reserves the right to accept or reject all or any of the Bids without assigning any reason whatsoever. It is not obligatory for BESCOM to accept any Bid or to give any reasons for their decision.

7.14.3 BESCOM reserves the right not to proceed with the Bidding Process at any time, without notice or liability, and to reject any Bid without assigning any reasons.

SECTION-8

BID OPENING & EVALUATION

8 BID OPENING & EVALUATION

8.1 Bid Opening:

8.1.1 Techno-commercial bids of the bidders who have submitted the Original hard copy of the BG towards EMD within specified time described under Clause 7.3.7, will be opened.

8.1.2 The Bidders or their authorised representatives can be present at the time of opening of bids.

8.1.3 BESCOM will examine the Bids to determine whether they are complete, satisfies the eligibility criteria, required documents have been properly signed and submitted as set out in this RFP.

8.1.4 BESCOM will evaluate the Bids in the manner set out in Clause 8.2 and in accordance with the provisions set out in Section 5 and Clause 7.3 of this RFP.

8.1.5 Any information contained in the Bid shall not in any way be construed as binding on BESCOM, but shall be binding against the Bidder if the Work is subsequently awarded to the bidder, under the Bidding Process on the basis of such information.

8.2 Examination of Bids:

8.2.1 To assist in the examination, evaluation, comparison and qualification of the bids, BESCOM may, at its discretion, ask any bidder for a clarification regarding its bid. The request for clarification by BESCOM and the response of the bidder shall be in writing.

8.2.2 Any clarification submitted by a bidder with regard to its bid that is not in response to a request by BESCOM shall not be considered.

8.2.3 No change in the price or substance of the bid shall be sought, offered, or permitted, in the evaluation of the financial bids.

8.2.4 No substantive change to qualification information or to a submission, including changes aimed at making an unqualified bidder, qualified or an unresponsive submission, responsive shall be sought, offered or permitted.

8.3 Confidentiality:

Information relating to the examination, clarification, evaluation and recommendation for the Bidders shall not be disclosed to any person who is not officially concerned with the process or is not a retained professional advisor of BESCOM in relation to, or matters arising out of, or concerning the Bidding Process. BESCOM will treat all information, submitted as part of the Bid, in confidence and will require all those who have access to such material to treat the same in confidence. BESCOM may not divulge any such information unless it is directed to do so by any statutory entity that has the power under law to require its disclosure or is to enforce or assert any right or privilege of the statutory entity and/or BESCOM.

8.4 Correspondence with the Bidder:

BESCOM shall not entertain any correspondence with any Bidder in relation to acceptance or rejection of any Bid.

8.5 Contacts during Bid Evaluation:

Bids shall be deemed to be under consideration from the time immediately after they are opened until such time BESCOM makes official intimation of award/rejection to the Bidders. While the Bids are under consideration, Bidders and/or their representatives or other interested parties are advised to refrain from contacting by any means, BESCOM and/or their employees/representatives on matters related to the Bids under consideration.

8.6 Bid Evaluation:

8.6.1 The evaluation of the Bid submissions shall be carried out in the following Three stages:

a. The First stage would involve opening and evaluation of the bids based on the provisions of Clause 5.1 ("**Eligibility Criteria**") of this RFP. Those Bids found to be substantially responsive shall be evaluated in the second stage. BESCOM reserves the right to seek any document submitted in the Bidding portal in the form of hard copies (except original BG of EMD) for the purpose of clarification.

b. In the Second stage, the information of the Bidders relating to their eligible experience comprising Techno-Commercial criteria shall be evaluated as per Clause 5.2 of this RFP. Bidders who meet the Techno-Commercial Eligibility Criteria will qualify for evaluation of their Financial Bid.

c. In the Third stage, the Financial Bid in accordance with the provision of Clause 7.12 will be opened and evaluated to identify the L1 Bidder(s). Negotiation will be conducted as indicated in Clause 8.8.

8.6.2 In case the Bidder is not meeting the eligibility criteria including "Technical Capacity" and "Financial Capacity" for the quoted cumulative capacity, all such capacity/Bids submitted by the Bidder will be rejected.

8.6.3 To facilitate evaluation of Bids, BESCOM may, at its sole discretion, seek clarifications in writing from any Bidder regarding their Bid.

8.6.4 BESCOM reserves the right to seek original documents for verification of any of the documents or any other additional documents upon opening of the Bid Documents.

8.6.5 Bidders shall provide complete information at the time of submission of bid. If the bidders are asked to furnish some more clarification/confirmation/document, they shall be required to furnish the same within specified time, failing which, the bids shall be finalized/decided on the basis of available information/documents. The responsibility of ignorance of their bid on account of delay in furnishing of desired information/documents shall be of the bidder. However, if there are any shortcomings in the submission of the information which may not materially affects the qualification criterion, then BESCOM shall have the power to consider the facts on the merit of the case and decide the bid evaluation accordingly.

8.6.6 BESCOM reserves the right to reject any Bid which is non-responsive and no request for alteration, modification, substitution or withdrawal shall be entertained by BESCOM in respect of such Bid.

8.7 Techno-Commercial Bid Evaluation:

8.7.1 Techno-Commercial evaluation will be carried out for the bidders who are responsive as per provisions specified in Clause 8.6.1 (a & b).

8.7.2 The net-worth of the Bidder as on **31st March 2024** will be evaluated, considering INR 96 lakhs (Rupees Ninety Six Lakhs) per MW and should not be less than the net-worth required for the cumulative quoted capacity.

8.8 Financial Bid Evaluation:

8.8.1 Price Bids of Techno-Commercially responsive Bidders will be opened in Bidding portal. Separate intimation regarding date of opening of Price Bid will not be issued.

8.8.2 The Price bids will be evaluated considering the bid price quoted is in accordance with this RFP.

8.8.3 The price quoted shall be inclusive of applicable taxes, GST, duties, etc and will be evaluated considering the bidder has quoted the tariff inclusive of all applicable taxes, GST, duties, etc.

8.8.4 In case the Bidder quotes more than its eligible financial capacity, all the Bids submitted by the Bidder, shall be summarily rejected.

8.8.5 If the quoted tariff is more than two digits after decimal, the tariff for evaluation will be considered with two decimals only as stipulated in Clause 7.12.4.

8.8.6 The evaluation of the Price Bids for the Bidders shall be made for each Project. The Financial offers will be arranged in the ascending order for all Projects individually (L-1, L-2, L-3,…. L-n). The L-1 bidder will be selected as successful bidder for the respective Project for the quoted/negotiated tariff as stipulated in Clause 8.9 of this RFP.

8.9 Negotiation:

8.9.1 For any project, if more than one bidder quotes same L-1 tariff, Negotiation will be conducted for such L1 bidders in the Bidding portal, to select the successful bidder. Further, BESCOM may also negotiate with L1 bidder to obtain best lowest tariff.

8.9.2 –Void–

8.9.3 The successful bidders will be selected as stipulated in subsequent Clause 8.10.

8.10 Selection of Bidders:

8.10.1 LOA will be issued to the successful Bidders for the lowest quoted/negotiated tariff and the tariff will be submitted to KERC for adoption of the same. The bidder shall pay necessary charges to BESCOM/KERC, if any.

8.10.2 –Void–

8.10.3 BESCOM reserves the rights to conduct negotiation with L1 bidders in the bidding portal.

8.10.4 BESCOM reserves the right for allocation of the Project capacity to all the Successful Bidders corresponding to their quoted/negotiated Tariff; such decision shall be made based on the overall least cost implication to BESCOM for the total tendered capacity.

8.10.5 In the event that the remaining Bidders want to withdraw from the process, BESCOM may, in its discretion annul the Bidding Process for the respective Project(s).

8.11 Right to accept and to reject any or all Bids:

8.11.1 Notwithstanding anything contained in this RFP, BESCOM reserves the right to accept or reject any Bid and to annul the Bidding Process and reject all Bids at any time without any liability or any obligation for such acceptance, rejection or annulment, and without assigning any reasons thereof.

8.11.2 BESCOM reserves the right to reject any Bid if:

a. at any time, a material misrepresentation is made or uncovered, or
b. the Bidder does not provide the supplemental information sought by BESCOM for evaluation of the Bid within the specified time.

Such misrepresentation/improper response shall lead to the disqualification of the Bidder. If the Bidder is a Consortium, then the entire Consortium shall be disqualified/rejected. If such disqualification/rejection occurs after the Bids have been opened and one of the Selected Bidder gets disqualified/rejected, then BESCOM reserves the right to take any such measure as may be deemed fit in the sole discretion of BESCOM, including annulment of the Bidding Process.

8.11.3 In case it is found at any time before signing of the PPA or after its execution and during the period of subsistence thereof, including the Right thereby granted by BESCOM, that one or more of the qualification conditions have not been met by the Bidder or the Bidder has made material misrepresentation or has given any materially incorrect or false information, the Bidder shall be disqualified forthwith if not yet appointed as the SPG either by issue of the LOA or entering into the PPA, and if the Bidder has already been issued the LOA or has entered into the PPA, as the case may be, the same shall, notwithstanding anything to the contrary contained therein or in this RFP, be liable to be terminated by a communication, in writing by BESCOM to the Bidder, without BESCOM being liable in any manner whatsoever to the Bidder or SPG, as the case may be. In such an event, BESCOM shall forfeit and appropriate the Bid Security or Performance Security, as the case may be, as genuine compensation and damages payable to BESCOM for, inter alia, time, cost and effort of BESCOM, without prejudice to any other right or remedy that may be available to BESCOM and the Bidder may be blacklisted.

8.11.4 BESCOM reserves the right to verify all statements, information and documents submitted by the Bidder in response to this RFP. Failure of BESCOM to undertake such verification shall not relieve the Bidder of its obligations or liabilities hereunder nor will it affect any right of BESCOM thereunder.

8.12 Reservation of Rights:

To take care of unexpected circumstances, BESCOM shall reserve the rights for the following:

a) Extend the closing date for submission of the bids.

b) Amend the bidding requirements at any time prior to the closing date, with the amendment being notified in the Bidding portal.

c) Abandon the Tender procedure for the entire Projects, whether before or after the receipt of Bids.

d) Seek the advice of external consultants to assist BESCOM in the evaluation or review of Bids.

e) Make enquiries of any person, company or organization to ascertain information regarding the bidder and its Bid. Reproduce for the purposes of the procedure the whole or any portion of the Bids any copyright or other intellectual property right that may subsist in the Bid.

SECTION-9

EXECUTION OF THE PROJECT

9 EXECUTION OF THE PROJECT

9.1 Letter of Award:

9.1.1 Letter of Award (the "LOA") will be issued to the Successful bidders for each Project as per Clause 8.9 & 8.10 of this RFP and the Successful Bidders shall acknowledge receipt of LOA within Seven (7) calendar days from the date of issue of LOA. In the event of non-acknowledgement of the LOA by the Successful Bidders within the stipulated date, BESCOM may, unless it consents to extension of time for submission thereof, appropriate the Bid Security of such Bidder as genuine loss and damage suffered by BESCOM on account of failure of the Successful Bidder to acknowledge the LOA.

9.1.2 The Successful Bidder shall execute the PPA within Thirty (30) days from the date of issue of LOA duly submitting Performance Security to BESCOM as per the Clause 9.2 of this RFP.

9.1.3 If applicable, the Successful Bidder shall furnish details about the "SPV" incorporated for the purpose of signing the PPA, within the stipulated period of this RFP and LOA. The Successful Bidder shall not be entitled to seek any deviation in the PPA.

9.2 Performance Security (Performance Bank Guarantee-PBG):

9.2.1 Successful bidders shall submit Project-wise Three (3) Performance Bank Guarantees within Thirty (30) days from the date of issue of LOA & before signing of PPA, having validity upto Twenty Four (27) months from the date of issue of LOA with a claim period of Two (02) months. The details of the PBG to be furnished are given below;

a. PBG-1 : 20% of the total Performance Security
b. PBG-2 : 40% of the total Performance Security
c. PBG-3 : 40% of the total Performance Security

The PBG shall be in favour of "The General Manager(DSM), BESCOM", issued from any National scheduled bank located in India, as per the format provided in PPA.

The appropriation of Performance Security will be as stipulated in Article 4.4 (b) of PPA.

9.2.2 Successful bidders shall submit the PBG for the Projects awarded within the stipulated time period. If the PBG for any one of the Project is not received within the stipulated time period, in such case, EMD will be forfeited for that particular Project as per Clause 9.5 of this RFP.

9.2.3 The Successful Bidder shall not be entitled to seek any deviation in the PBG.

9.3 Signing of Power Purchase Agreement (PPA):

9.3.1 The Successful bidder shall execute the PPA with the General Manager(PP), BESCOM, on a non-judicial stamp of Karnataka State, of appropriate value, after unconditional acceptance of LOA by the SPG, within 30 days from date of issue of LOA.

9.3.2 The PPA shall be valid for a period of 25 years from COD as per the provisions of PPA.

9.3.3 The expenditure towards execution of PPA such as stamp duty etc. shall be borne by the SPG.

9.4 Cancellation of LOA:

Failure of the Successful Bidder to comply with the requirements of Clause 9.2 & 9.3 shall constitute sufficient grounds for the annulment of the LOA, as the case may be, and forfeiture of the Bid Security/Performance Security. In such an event, BESCOM reserves the right to take any such measure as may be deemed fit in the sole discretions of BESCOM.

9.5 Return of Bid Security (EMD):

The Bid Security will be returned on completion of the Bidding Process, without any interest, as follows:

a. To the Unsuccessful bidders after completion of evaluation of price bid
b. To the Successful bidders only after submission of PBGs and signing of PPA

9.6 Forfeiture of Bid Security (EMD):

9.6.1 BESCOM shall be entitled to forfeit and appropriate the Bid Security as genuine compensation / damages to BESCOM in any of the events specified in Clause 9.6.2 herein below. The Bidder, by submitting its Bid pursuant to this RFP, shall be deemed to have acknowledged and confirmed that BESCOM will suffer loss and damage on account of withdrawal of its Bid or for any other default by the Bidder during the Bid Validity Period. No relaxation of any kind on Bid Security shall be given to any Bidder.

9.6.2 The Bid Security shall be forfeited and appropriated by BESCOM as genuine compensation and damages payable to BESCOM for, inter alia, time, cost and effort of BESCOM without prejudice to any other right or remedy that may be available to BESCOM hereunder or otherwise, under the following conditions:

i) If a Bidder engages in a corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice as specified in Section-10 of this RFP;
ii) If a Bidder withdraws its Bid after opening of the Financial Bid during the period of Bid validity as specified in this RFP and as extended by the Bidder from time to time;
iii) In the case of Successful Bidder, if they fails within the specified time limit;
    a) fails to fulfil conditions of the LOA
    b) to furnish the Performance Security
    c) to sign the PPA

9.7 Release of Performance Security - Performance Bank Guarantee (PBG):

The Performance Security will be released without any interest only after twelve (12) months from the date of commissioning of solar power plant after taking into account any penalties due to delay in commissioning as per the RFP conditions and PPA.

The release of the Performance Security shall be without prejudice to other rights of BESCOM as specified in the PPA.

9.8 Forfeiture of Performance Bank Guarantee (PBG):

9.8.1 The PBG amount in full or part will be forfeited as specified under this RFP & PPA when:

a) the terms & conditions of contract and PPA is breached/infringed by the SPG;
b) failure to meet the Conditions Precedent by the SPG;
c) delay in commissioning of the solar power plant;
d) contract is being terminated due to non-performance by the SPG.

9.8.2 Notice of reasonable time will be given in case of forfeiture of Performance Bank Guarantee. The decision of BESCOM, as applicable, in this regard shall be final.

9.8.3 BESCOM will not pay any interest on Performance Bank Guarantee.

9.9 Termination of PPA:

PPA will be terminated as per the provisions made under this RFP and PPA.

9.10 Payment Security Mechanism:

BESCOM will provide to the SPG, in respect of payment of its Monthly Bills and/or Supplementary Bills, a monthly unconditional, revolving and irrevocable Letter of Credit with a term of Twelve (12) months, opened and maintained which may be drawn upon by the SPG as per the provisions of PPA.

9.11 Force Majeure:

a. Such Party is duly organised, validly existing and in good standing under the laws of its incorporation and has all requisite power and authority to enter into this Agreement;
b. The execution, delivery and performance by such Party of this Agreement has been authorised by all necessary and appropriate corporate or governmental action and a copy of the extract of the charter documents and board resolution/power of attorney in favour of the person executing this Agreement for the delegation of power and authority to execute this Agreement on behalf of the Consortium Member is annexed to this Agreement, and will not, to the best of its knowledge:
    i. require any consent or approval not already obtained;
    ii. violate any Applicable Law presently in effect and having applicability to it;
    iii. violate the memorandum and articles of association, by-laws or other applicable organisational documents thereof;
    iv. violate any clearance, permit, concession, grant, license or other governmental authorisation, approval, judgment, order or decree or any mortgage agreement, indenture or any other instrument to which such Party is a party or by which such Party or any of its properties or assets are bound or that is otherwise applicable to such Party; or
    v. create or impose any liens, mortgages, pledges, claims, security interests, charges or Encumbrances or obligations to create a lien, charge, pledge, security interest, encumbrances or mortgage in or on the property of such Party, except for

encumbrances that would not, individually or in the aggregate, have a material adverse effect on the financial condition or prospects or business of such Party so as to prevent such Party from fulfilling its obligations under this Agreement;

c. This Agreement is the legal and binding obligation of such Party, enforceable in accordance with its terms against it; and
d. There is no ongoing litigation pending or, to the best of such Party's knowledge, threatened to which it or any of its Group Business Entities is a party that presently affects or which would have a material adverse effect on the financial condition or prospects or business of such Party in the fulfillment of its obligations under this Agreement.

9. Termination

This Agreement shall be effective from the date hereof and shall continue in full force and effect until the Financial Closure of the Project is achieved under and in accordance with the PPA, in case the Project is awarded to the Consortium. However, in case the Consortium is either not pre-qualified for the Project or does not get selected for award of the Project, the Agreement will stand terminated in case the Bidder is not pre-qualified or upon return of the Bid Security by BESCOM to the Bidder, as the case may be.

10. Miscellaneous

This Joint Bidding Agreement shall be governed by laws of India.

The Parties acknowledge and accept that this Agreement shall not be amended by the Parties without the prior written consent of BESCOM.

SCHEDULE 1: Technical Qualification for Solar PV Project

The Project selected under the RFP shall strictly adhere to the Central Electricity Authority (Technical Standards for Connectivity to the Grid) Regulations, 2007, as amended vide the Central Electricity Authority (Technical Standards for Connectivity to the Grid) (Amendment) Regulations, 2019, and subsequent amendments and clarifications.

The following are some of the technical measures required to ensure quality of the PV modules used in grid connected solar power projects.

1. PV Module Qualification:

1.1 The PV modules used in the grid connected solar power projects must qualify to the latest edition of any of the following IEC PV module qualification test or equivalent BIS standards or MNRE specifications.

- Crystalline Silicon Solar Cell Modules IEC 61215
- Thin Film Modules IEC 61646

1.2 In addition, PV modules must qualify to IEC 61730 for safety qualification testing. For the PV modules to be used in a highly corrosive atmosphere throughout their lifetime, they must qualify to IEC 61701.

1.3 It will be mandatory to use indigenous manufactured Solar cells and PV modules from Approved List of Models and Manufacturers (ALMM) published by MNRE.

2. Power Conditioners/Inverters:

The Power Conditioners/Inverters of the SPV power plants must conform to the latest edition of IEC/equivalent Standards as specified below:

• Efficiency Measurements	IEC 61683
• Environmental Testing	IEC 60068 -2/IEC 62093
• EM Compatibility (EMC)	IEC 61000-6-2, IEC 61000-6-4 & other relevant parts of IEC 61000
• Electrical safety	IEC 62103/ IEC 62109-1&2
• Anti-Islanding Protection	IEEE 1547/IEC 62116/UL 1741 or equivalent BIS Standards

3. Other Sub-systems/Components:

Other subsystems/components used in the SPV power plants (Cables, Connectors, Junction Boxes, Surge Protection Devices, etc.) must also conform to the relevant international/national Standards for Electrical Safety besides that for Quality required for ensuring Expected Service Life and Weather Resistance. It is recommended that the Cables of 600-1800 Volts DC for outdoor installations should comply with the BS EN 50618:2014/2pfg 1169/08.2007 for service life expectancy of 25 years.

4. Authorized Test Centres

The PV modules/Power Conditioners deployed in the power plants must have valid test certificates for their qualification as per above specified IEC/ BIS Standards by one of the NABL Accredited Test Centres in India. In case of module types like Thin Film and CPV / equipment for which such Test facilities may not exist in India at present, test certificates from reputed ILAC Member Labs abroad will be acceptable.

5. Warranty

- The mechanical structures, electrical works and overall workmanship of the grid solar power plants must be warranted for a minimum of 5 years.
- PV modules used in grid connected solar power plants must be warranted for output wattage, which should not be less than 90% at the end of 10 years and 80% at the end of 25 years.
- The Inverters/ PCUs installed in the solar power plant must have a minimum warranty for 5 years.

6. Identification and Traceability:

Each PV module used in the solar power project must have a RF identification tag. The following information must be mentioned in the RFID used on each module (This can be inside or outside the laminate but must be able to withstand harsh environmental conditions.)

i. Name of the manufacturer of PV Module
ii. Name of the Manufacturer of Solar cells
iii. Month and year of the manufacture (separately for solar cells and module)
iv. Country of origin (separately for solar cells and module)
v. I-V curve for the module at Standard Test Condition (1000 W/m2, AM 1.5, 25^0C)
vi. Wattage, Im, Vm and FF for the module
vii. Unique Serial No and Model No of the module
viii. Date and year of obtaining IEC PV module qualification certificate
ix. Name of the test lab issuing IEC certificate
x. Other relevant information on traceability of solar cells and module as per ISO 9000

SPG should be required to maintain accessibility to the list of Module IDs along with the above parametric data for each module.

7. Performance Monitoring:

The grid connected solar PV power plants must install necessary equipment to continuously measure solar radiation, ambient temperature, wind speed and other weather parameters and simultaneously measure the generation of DC power as well as AC power generated from the plant. The SPG shall be required to submit this data to MNRE online portal (SEDM) and/or through a report on regular basis for the entire duration of PPA. In this regard, the SPG shall also mandatorily provide access to BESCOM and MNRE or any other designated agency to the remote monitoring portal of the power plants on a 24X7 basis.

8. Safe Disposal of Solar PV Modules:

The SPG shall ensure that all Solar PV modules from their plant after their 'end of life' (when they become defective/non-operational/non-repairable) are disposed-off in accordance with the "e-waste (Management and Handling) Rules, 2011" notified by the Government and as revised amended from time to time.

SCHEDULE 2: Communication Architecture between RMS and State Level Server

<Attached separately>

SCHDULE-3: Undertaking for having clear (On the Letterhead of the Bidder/Lead Member) possession of the land

To,
General Manager (DSM),
Bengaluru Electricity Supply Company Limited.

Dear Sir,

Sub: Bid for Development of Solar Power Projects under BESCOM Feeder level Solarisation under CM SKY scheme.

Ref: BESCOM/2026-27/SE0470

I/We hereby undertake to certify that the following details shall be furnished within 30 days from the date of LOA or within execution of PPA whichever is earlier for each Project: -

1. Evidence of the required land for the project along with following documentary evidence:
    - MOU or lease hold rights (for at least 26 years) in the name of the Developer and possession of 100% of the area of land required for the project.
    - Sworn affidavit from the authorized person of the Developer listing the details of the land and certifying total land required for the project under clear possession of the Developer.
    - A certified English translation from an approved translator in case above land documents are in other than English and Kannada Languages.
    - Name of the district, taluk, village, total area, location and survey numbers of the land failure or delay on our part in achieving the above conditions shall constitute sufficient grounds for encashment of our Performance Security.
